## New HCPCS/CPT codes

Montana Medicaid has added many codes from the 2004 edition of the Current Procedural Terminology (CPT-4) and HCPCS Level II manuals. Please refer to the fee schedules posted on our website, at [www.mtmedicaid.org](http://www.mtmedicaid.org). If you do not have web access you can request a diskette from the ACS Provider Relations Unit by calling (406)-442-1837 or toll free 1-800-624-3958.

## Deleted CPT and HCPCS codes

Montana Medicaid allows a 3-month grace period for deleted codes. These codes will be end-dated March 31, 2004. Please do not bill any deleted 2004 CPT or HCPCS codes for dates of service after March 31, 2004, or you will receive a claim denial.

## New HCPCS "J" codes for injectables

The following J codes are effective January 1, 2004:

New HCPCS J Codes					
J0152	J1335	J2280	J2783	J3486	J9178

If you were previously billing a J code as an unlisted J code (for example J3490), verify that a new J code does not exist. For example, if you are providing one of the following drugs, bill the appropriate new code for the drugs listed below:

J2505 -- Injection, Pegfilgrastim, 6 mg

J7303 -- Contraceptive supply, hormone containing vaginal ring, each

J9263 -- Injection, Oxaliplatin, 0.5 mg

J9395 -- Injection, Fulvestrant, 25 mg

Please pay careful attention to the HCPCS description of the unit amounts for each code when billing units on your claims.
